Officer Sean Dinse - showing his PERSONAL Operations

While Sean Dinse is involved in these 17 year Stalkings with so called illegal Neighborhood terror operations. He shows that this is personal and following me from place to place with his Nazi Tactics working with Mike Huntley

While I admit I was 1.5 inches over the red line and got a ticket. This shows dinse poking his head out of his snake hole, writing me a parking ticket for being 1.5 inches over the red line following me from place to place threatening me with Mike, that I better not blink wrong. But also at the same time, someone he was working with wrote "HOMO" on my car

While Ironically, this could also be a message about a story my father told me about an Officer Romo around here who gave my father a ticket for making a turn to close to the right curb which ended up in my father telling him that if he ever came into an emergency room, no one would help him which seems relevant to the fact that no one world-wide will help me if that story is even true. I would have been a very young child when that happned

After all sorts of Bunk Arrest of fabricated charges like Criminal Threats and Battery Charges because he doesn't want people knowing what he is really involved in
